DVD ■ ALIEN BINARY CODE MESSAGES - A stunning in-depth recent lecture on several theories. In the lecture, we focus on specific cases as well as on animal mutilations and binary codes translated that are believed to be alien transmissions. The sources of all evidence and information is given and some interesting ideas are also presented. The overarching theme seems to be that the aliens in question are generally malevolent somehow and that they shouldn't be trusted. Seemingly the aliens in question are acting completely according to their own agenda and have no concern over being seen or the odd signs that they leave behind. The majority of the time these signs and sightings are being suppressed for some reason by the world governments, the reasons for which have several theories. The most common theory is that the most powerful governments of the world are working with alien groups through fear and are doing as they are told. Topics covered also include animal and human abductions and experiments, alien motives, access to new alien technologies, extremely advanced aliens, we are neither an authority source or a threat, cover-ups, alien crash distractions by balloon etc. debris in order to delude the public and the media, recovered alien bodies. A real roller coaster of a ride. £10

DVD ■ THE SECRET LAW OF ATTRACTION - and how you can use it effectively. Many of you will remember a few years ago a DVD called "The Secret" which was a good basic introduction to this amazing subject. Once you have gained a basic grounding in the teachings of quantum physics and how it can show you the relationship with the surrounding Universe, you should be able to imagine yourself as a power transmitter continually emitting frequencies into the Universe. It is this frequency that you emit that is what you attract and receive back from the Universe into your own life, but in larger quantities. This highlights why it can be so important to learn how to take control over your thoughts and the emotional frequencies emitted, as it can help to choose which direction your life can take. Moreover, by accepting that everything surrounding us emerges from thought and by beginning to take credit for the input that we have into the world around us, we can begin to have confidence in our ability to take control over the reins of our destiny and create a world for ourselves that before we may never have imagined to be possible. The plan is think, focus and act. Get it now. £10

DVD ■ ANGELS OR DEMONS - This documentary explores the secrecy surrounding the biggest cover-up mind-control-experiment of all time, presenting an investigation of the UFO phenomenon, aliens, demons, abductions, DMT, disclosure, and hyper-dimensional realities. The US Government hasn't maintained secrecy regarding UFOs. It's been leaking out all over the place. But the way it's been handled is denial, by denying the truth of the documents that have been leaked. By attempting to show them as fraudulent or bogus. There has been a very large disinformation and misinformation effort around this whole area. And one must wonder, how better to hide something out in the open than just to say "it isn't there you're deceiving yourself to think this is true". And yet it's right there in front of you. So it's a disinformation effort here, not the fact they have been kept secret. They haven't kept it secret. It's been getting out into the public domain for 50 years or more. A good effort to make sense of the facts and the fiction. £10

DVD ■ THE TREBLINKA ARCHAEOLOGY HOAX - Between 2012 and 2014, British Archaeologist Dr. Caroline Sturdy Colls conducted investigations on the grounds of the former Treblinka camp with the intention to refute Holocaust Deniers' claims once and for all. This documentary analyzes her investigations and exposes them as a massive fraud. Presented by 20th Century Hoax (not Fox). Were 3.9 Million Steamed to Death in steam chambers there too according to Nuremberg trial evidence? The official Holocaust story is that Treblinka 2 is the largest mass burial site in the entire world, where the Germans gassed 900,000 Jews in 13 gas chambers disguised as shower rooms. "Holocaust Deniers" or "Holocaust Revisionists" claim there's no evidence for that, and tales of gas chambers disguised as shower rooms are wartime atrocity fiction, similar to previously debunked claims about Jews being made into soap and lampshades. The Treblinka Archaeology Hoax debunks Zionist British Archaeologist Caroline Sturdy Colls' fraudulent investigation of Treblinka, which included digging near clearly marked Christian graves claiming to find new hidden mass graves, falsely assigning homicidal intent to a normal lifesaving shower room at Majdanek, and misidentifying a terra-cotta tile excavated at Treblinka as belonging to the floor of a homicidal gas chamber. Don't you love it that nothing stands up to this seriously close scrutiny. £10
