DVD ■ ANCIENT ALIEN RACES WHO CONTACTED EARTH - This extremely rare video is based on an English translation of Russia's Book Of Alien Races. It is one of the most controversial documents originating from the period when Russia was dominated by communism. The first edition of the book was published in 1946 and was designed to inform the secret agents of the various alien races who had visited our planet until that time. It was translated into English for the first time in 2004. The book is fascinating because it has many kinds of alien species, their ships and place of origin. Each alien species, which is presented in the book, has contributed in one way or another to human evolution on Earth. These aliens have been sighted in various places on our planet and it is interesting that they collaborated with the governments of those countries. Information about alleged meetings remained secret, however, the book is both a source of information but also a manual for learning how to communicate with various alien species. Full details of many alien races including the Allgruulk species - the creators and builders, the enigmatic Messengers species, the Rak species, the Invizibili species, the Jefok species from the constellation Indus and are known as pacifists - who met with JF Kennedy just three weeks before he was assassinated. Mind blowing. £10

DVD ■ THE HOUSE OF ROTHSCHILD 1934 - In the legal field, there is a concept known as "Statement Against Interest," aka "Admission Against Interest," which simply means that any statement that a suspect or litigant makes against his own interest should be considered true, even if he has lied about other things. With that logical concept in mind, we would highly recommend the very revealing 1934 Hollywood film titled, "The House of Rothschild" - a movie produced by a Jewish Mogul (20th Century Pictures / Joseph Schenck) and starring several big name actors. 'Statement Against Interest' is really just another way of saying: "putting one's foot in one's mouth" - which is exactly what Zionist 20th Century Films did when the studio released "The House of Rothschild" - although, few people would have been astute enough to explore the mystery further. In a nutshell, the film confirms the "conspiracy theory" which students of The New World Order have long held in regard to the Rothschilds! It's all there; the miserly Patriarch Mayer Amschel Rothschild establishing the Banking Empire, the conspiratorial business dealings, the Jewish ethno-centrism, the branching out of the five brothers to the Capitals of Europe, the war-profiteering, & European statesmen literally begging Nathan Rothschild for money to fight Napoleon. Awesome. £10

DVD ■ BANKER ADMITS HE WAS ORDERED TO SACRIFICE CHILDREN FOR THE ELITE - In a groundbreaking interview, the Dutch banking entrepreneur Ronald Bernard explains how his elite ventures took him spiralling into a dark, horror ridden world that conducted human sacrifices for pleasure. Explaining his life as a banker he was warned off when he got into this - don't do this unless you can put your conscience 100% in the freezer. When the banking industry deliberately crashed the Italian economy, leading to dozens of suicides, people were considered worthless trash. He explains how the network he had become a part of had used child sacrifice to hold its members accountable through blackmail. He was training to become a psychopath and he failed. And while becoming a financial terrorist is horrible in its own right, when he describes the darker aspects of the disturbing banking cabal that he had joined, your skin will crawl. These people, most of them, were Luciferians. He went to places called Churches of Satan and they were doing their Holy Mass with naked women, liquor etc. The darkness & evil are within the people themselves. The elite cabal led him to a much more nefarious end, where he finally reached his breaking point when he was invited to participate in Sacrifices of Children abroad. He summarises by explaining that bankers, politicians & government officials throughout the world use the same tactics & procedures to gain power. The truth is worldwide, they have been doing this for thousands of years. Shocking. £10

DVD ■ HITLER'S WAR: WHAT THE HISTORIANS NEGLECT TO MENTION - This is an English translation of a 96 minute long "Made in Germany" underground documentary film. It was the first documentary ever to unabashedly explain from the German perspective, how World War II really began, and the many efforts that were made by Hitler to avoid it, and to establish a lasting, viable and mutually acceptable peace, but how he was ultimately left with no choice but to invade Poland. It documents many facts that have been deliberately left out of the "official narrative" as presented by the victorious Allies, which we have all been taught since 1945, and which Germans especially have been constantly reminded of since the war ended; with the blame entirely upon Germany's shoulders. Many of the claims of the Allies that have been widely accepted as fact are refuted here as patently untrue, distorted, or ignored completely. There are always two sides to every story, and now the Germans are finally telling theirs. This film is a "must see" for anyone with a sense of justice, honour, fairness and dignity. Stunning. £10

DVD ■ INSIDE A REAL EXTRATERRESTRIAL ALIEN UFO SAUCER SPACESHIP - See how it defies gravity, space and time. Extraterrestrial Alien UFOs seem to defy logic and physics laws. Appear out of nowhere and disappear into thin air, make impossible turns, travel faster than light, shape shift, defy gravity, time and space. Today we will take you inside UFO and explain to you how they work. DARPA scientists had an alien UFO engine in their possession for at least 50 years stored in Sandia Lab in New Mexico. Finally, they were able to explain how it works and even make a crude copy. Scientists from secret DARPA branch at Z Pulsed Power Facility (known as Z machine) build this device in 2015 in Sandia's lab in New Mexico copying alien engine technology and since then it has been the best kept government secret. Officially, they said they work on atomic metallic hydrogen that could be used as the most powerful chemical rocket fuel, as the atoms recombine to form molecular hydrogen. But it gets even stranger as quantum state fluid theoretically isolates the whole system from its surroundings. Such fluid has highly unusual reactions to external magnetic fields and rotations. In other words, it can bend space and time around like a miniature black hole allowing any spaceship powered by such a device if not to travel through time like a time machine but at least bend space and time around it and enabling it to appear of nowhere like many UFO observers have reported. Comes very highly recommended. £10
